Thomas Morrison, Fire Chief

Plymouth Fire Rescue has decided to close our building to the public due to the concerns of COVID-19. This decision was not chosen lightly.

Fire permits can be attained by visiting: www.nhfirepermit.com , we will not be issuing them at the fire station until further notice.

For Gas and Oil Burner Permits please call ahead.

For any non-emergency or other inquiries please call 536-1253, as most issues can be resolved over the phone.

If there is an emergency, as always, please call 911.
